

I understand that you are considering dropping the FM translator service, which would affect many K Love stations across the nation. I am a K Love supporter and believe in the message and service they provide. They have a message that is both positive and encouraging and always wholesome. You don't have to be afraid of what your children may hear. It would be a great disservice to our communities across the nation to lose what K Love offers our families everyday across its airways. Please help preserve this service that my family and I value and use daily to listen to K Love.

Thank you for time and consideration.

Andrea Garrison
